Practice workbook · Effects of exchange rate changes

How a rise or fall in a currency affects importers, exporters, competitiveness, costs and prices.

5 question parts: 1 worked-example retry and 4 further practice parts.
Name: _____ Class: _____ Date: _____

Practise one question type at a time. Attempt the part inside the red boundary; the rest of the question and any figures are kept for context. Write your working in the answer space.

The first question is a retry of the website worked example, without its solution. Check your answers online with 'Check my answer', or ask your teacher for the answer booklet.

1 *The Alternative Drum School (TADS)* was set up in the wealthy area of Cricklade, England in 2008 by Ollie Tanner who had a passion for and enjoyed drumming. Ollie invested all of his savings into the drumming school. He saw the potential of being located away from other drumming schools.

Ollie promotes his business by writing columns in local papers, performing at local music festivals and by word of mouth recommendations. He has invested heavily in computer technology to allow students to produce the music they enjoy playing.

Ollie finds it difficult to maintain a good work-life balance. Ollie currently works 60 hours a week in a business that does not have reliable profits.

(a) (i) Which **one** of the following could a sole trader pay on its profits?

(1)

Select **one** answer.
