Question Number	Evaluate the impact of using venture capital as a source of finance to fund the opening of *Can Culleretes*. You should use the information provided as well as your own knowledge of business. **Indicative content**	**Mark**
4 (c)	**AO1 = 3 marks AO2 = 3 marks** **AO3 = 3 marks AO4 = 3 marks** **AO1** • Venture capital is when investors give a business money in exchange for a share of the profits. • Venture capital is an external source of finance often used for opening new businesses. **AO2** • Investors may have the skills in the food industry to ensure Can Café is a success. • Investors could have some ideas that the family does not like such as the opening hours of the café. **AO3** • By using this source of finance Can Café will have enough money to set up without having to pay back any interest helping the business to have more chance of it being a success from the start. • If the investors are too involved in setting up the business it may lose the historical story behind the original business leading to customers staying away from the café. **AO4** • However, the family will have to pay the investors a share of the profits which may upset the other family members as they are the ones working hard to set up Can Café but the investors get the rewards. • However, if the owners had an agreement to pay the investors back and then take back full ownership it could ensure the success of both business as well as keeping them in the family in the long term.	**(12)**
