Practice workbook · Find a percentage of an amount

Finding X% of a value as the answer itself: commission, bonus, interest, a discount amount, or a share of a workforce.

7 question parts: 1 worked-example retry and 6 further practice parts.
Name: _____ Class: _____ Date: _____

Practise one question type at a time. Attempt the part inside the red boundary; the rest of the question and any figures are kept for context. Write your working in the answer space.

The first question is a retry of the website worked example, without its solution. Check your answers online with 'Check my answer', or ask your teacher for the answer booklet.

1 *Ocean Vibes* is a boat tour business located in two tourists resorts in Portugal. During the tours, it collects wildlife research. The idea came from two young scientists, Alfredo and Pedro, who share a passion for the environment, boats and science. *Ocean Vibes* employs boat tour guides and a sales team in each of the two resorts.

The main goal of *Ocean Vibes* is to connect tourism with science. It offers dolphin and bird-watching tours to tourists and uses the boat tours to collect research data on the wildlife. Its tour guides are knowledgeable, passionate and respectful of the environment.

Customers can book the boat tours online or in the tourist resorts. They are encouraged to leave reviews on *Ocean Vibes'* website.
Every month *Ocean Vibes* provides a boat tour for students and researchers who wish to study the wildlife.

There are many other businesses offering boat tours in Portugal which makes competing in the industry a challenge.

(a) (i) Which **one** of the following is a role within the marketing function?

(1)

Select **one** answer.
