Practice workbook · Lean production: JIT, Kaizen and using resources well

Just-in-time, Kaizen and using resources effectively: meanings, benefits, risks and choosing a lean method.

14 question parts: 1 worked-example retry and 13 further practice parts.
Name: _____ Class: _____ Date: _____

Practise one question type at a time. Attempt the part inside the red boundary; the rest of the question and any figures are kept for context. Write your working in the answer space.

The first question is a retry of the website worked example, without its solution. Check your answers online with 'Check my answer', or ask your teacher for the answer booklet.

1 *Aude Rose* is a flower shop in Paris, France. It was set up by Aude Anglaret after she graduated with a qualification in floristry. It opened a shop in 2009 in the outskirts of Paris. Since then it has gone from strength to strength increasing its market share. To meet this increase in demand it has closed its first shop and opened a larger one in the centre of Paris with a higher rent and a possible increase in customers. It currently employs four florists. *Aude Rose* has been recognised for its high-quality flower arrangements that have been seen in several wedding magazines.

(a) (i) Which **one** of the following describes a minimum wage?

Select **one** answer.

(1)

- ☒ **A** Fixed amount per year and paid monthly
- ☒ **B** The lowest amount a business can legally pay its employees
- ☒ **C** Payment made to an employee for working additional hours
- ☒ **D** Payment made to an employee for reaching a target

(ii) Which **one** of the following describes the cash cow category in the Boston matrix?

Select **one** answer.

(1)

- ☒ **A** High market growth, high market share
- ☒ **B** High market growth, low market share
- ☒ **C** Low market growth, high market share
- ☒ **D** Low market growth, low market share

(iii) Which **one** of the following would give a business a negative cash flow?

Select **one** answer.

(1)

- ☒ **A** Cash inflow is greater than cash outflow
- ☒ **B** Costs are greater than profits
- ☒ **C** Profits are greater than costs
- ☒ **D** Cash outflow is greater than cash inflow

1 *IKEA* is a well-known home furniture retailer with stores throughout the world. It was started in 1943 by Ingvar Kamprad when he was given some money by his father for doing well at school. He wanted to produce furniture at a price that people could afford to buy.

He realised that transporting furniture to customers was difficult as goods were often damaged. He developed flat packs to avoid damage. A flat pack contained all the materials needed to self-assemble a table, a chair or a bed.

All *IKEA* stores are run as franchises.

(a) (i) Which **one** of the following is a financial business objective?

Select **one** answer.

(1)

- ☒ **A** Challenge
- ☒ **B** Social objectives
- ☒ **C** Survival
- ☒ **D** Personal satisfaction

(ii) Which **one** of the following is an advantage to a business of using venture capital?

Select **one** answer.

(1)

- ☒ **A** It decreases access to other sources of finance
- ☒ **B** It keeps ownership in the business
- ☒ **C** It improves public relations
